

Professional Poster Program

DAY ONE

Tuesday, 26 February 2019

Hall A (inside Maktoum Hall)

14:30 - 15:30

Submission ID : 6

Main Author: Dr. Nermeen Ashoush

Institution: Cairo, Egypt

Title: Applying Multi-Criteria Decision Analysis (MCDA) as an Evidence-Based Health Technology Assessment in Health Care Decision Making.

Submission ID : 61

Main Author: Dr. Abdullah Alkattan

Institution: Ministry of Health, Riyadh, Saudi Arabia

Title: The Effect of Glycated Hemoglobin on the Prognosis of Diabetic Patients: A Cross-Sectional Observational Study

Submission ID : 123

Main Author: Dr. Amal Alharbi

Institution: United Kingdom, University of Hertfordshire, Kuwait

Title: Factors Influencing the Uptake of Medication Risk Communications in Clinical Practice

Submission ID : 265

Main Author: Dr. Christianne Mounir Zaki Rizkalla

Institution: Dubai, United Arab Emirates

Title: Preparation and Evaluation of Hydroxyzine Hydrochloride Lipid Microspheres Prepared by the Melt Dispersion Technique for Topical Delivery.

Hall A (inside Maktoum Hall)

15:45 - 17:15

Submission ID : 35

Main Author: Dr. Elizabeth Mary Mathew

Institution: Manipal College of Pharmaceutical Sciences, India

Title: Development of Biomarker Profile to Screen for Vitamin Responsive Pediatric Seizures

Submission ID : 26

Main Author: Dr. Nada Almozain

Institution: UCL, London, United Kingdom

Title: Epidural and Patient-Controlled Analgesia (PCA) Practices in NHS Hospitals, A Cross-Sectional Study

Submission ID : 84

Main Author: Dr. Liliya Logoyda

Institution: I. Ya. Horbachevsky Ternopil State Medical University (Ternopil), Zaporozhye State Medical University (Zaporozhye), Ukraine

Title: Scientific and Theoretical Substantiation of Bioanalytical Researches and Standardization of Antihypertensive Medicines Using Chromatographic Methods

Submission ID : 151

Main Author: Dr. Ahmed Ali Hussain Alrashed

Institution: King Faisal University, Hofuf King Fahad Medical City, Riyadh, Saudi Arabia

Title: Evaluation and Implementation of Strategies to Reduce IV Admixture Returns: Intervention Study

Submission ID : 109

Main Author: Dr. Kadir Alam

Institution: Dharan, Nepal

Title: Utilization pattern and Controlling System of Antibiotics in Tertiary Care Hospitals Nepal

Submission ID : 325

Main Author: Dr. Abdulmalek Ahmed Balgoname

Institution: King Faisal University, Al-Ahsa, Saudi Arabia

Title: Evaluation of Introductory Pharmacy Practice Experience Courses through Analysis of Feedback of Site Preceptors and Pharmacy Students at the College of Clinical Pharmacy at King Faisal University, Al-Ahsa, Saudi Arabia. A Multiple Cross-Sectional Study

Professional Poster Program

Hall B (inside Maktoum Hall)

14:30 - 15:30

Submission ID : 27

Main Author: Dr. Nelly Mostafa Mohamed

Institution: Faculty of Pharmacy, Alexandria University, Egypt

Title: In-Vitro and In-Vivo Comparative Activities of a Novel Fluoroquinolone, Zabofoxacin, with Older Fluoroquinolones against MRSA Isolated from Alexandria Main University Hospital

Submission ID : 83

Main Author: Dr. Saad Alshahrani

Institution: Riyadh, Saudi Arabia

Title: Hot Melt Extrusion Processing Parameters Optimization

Submission ID : 136

Main Author: Dr. Shahad Rafea Aldhayea

Institution: University of Hertfordshire, United Kingdom, Hatfield, Kuwait

Title: Physicians' Attitudes Towards Physician-Pharmacist Collaborative Practice in Kuwait Hospitals

Submission ID : 422

Main Author: Dr. Hanady Yousef Shourrab

Institution: Ajman, United Arab Emirates

Title: Emerging Technology to Combat Counterfeit Medicine in the International Criminal Trade Market

Hall B (inside Maktoum Hall)

15:45 - 17:15

Submission ID : 213

Main Author: Dr. Sirajudheen Anwar

Institution: Pharmacology and Toxicology unit, College of Clinical Pharmacy, Albaha University, Albaha, Kingdom of Saudi Arabia

Title: Cytotoxic Effect and Anticlastogenic Activity of Camel Urine

Submission ID : 116

Main Author: Dr. Nimmy Varghese

Institution: Nitte Gulabi Shetty Memorial Institute of Pharmaceutical Sciences, India

Title: Wound Healing Potential of Psidium Guajava

Submission ID : 137

Main Author: Dr. Eslam Ali Elsharkawy

Institution: Faculty of Pharmacy, Alexandria University, Egypt

Title: Stressed Pharmacists in Work Environment

Submission ID : 45

Main Author: Dr. Azhar H. Alostad

Institution: University of Manchester, United Kingdom

Title: Kuwait's Readiness to Implement an Herbal Medicine Classification Guideline

Submission ID : 234

Main Author: Dr. Royida Al Marastani

Institution: Abu Dhabi, United Arab Emirates

Title: Enhancing Diabetic Care by the Implantation of Medication Therapy Management (MTM) in Ambulatory Health Services (AHS) in Abu Dhabi

Submission ID : 180

Main Author: Dr. Shahira Mohammed Ezzat

Institution: Cairo, Egypt

Title: Enhancement of the Antiaging Activity of the Egyptian Herbal Drugs Via the Encapsulation in Elastic Nanovesicles

DAY TWO

Wednesday, 27 February 2019

Hall B (inside Maktoum Hall)

15:00 - 16:00

Submission ID : 384

Main Author: Dr. Michelle Cherfan

Institution: Lebanese International University, Lebanon

Title: Appropriateness of Direct Oral Anticoagulants use: A Drug Utilization Review in Lebanon

Submission ID : 430

Main Author: Dr. Shaikh Siraj Nawaj

Institution: Jamia, S Ali-Allana College of Pharmacy Akkalkuwa Dist, Nandurbar, Maharashtra, India

Title: Fabrication Optimization and Evaluation of Floating Mucoadhesive Drug Delivery System of Antihypertensive Agent

Submission ID : 306

Main Author: Dr. Jehan Mohamed

Institution: MCST, Saudi Arabia

Title: Antibiotics use Evaluation: Patient Safety Perspective

Submission ID : 206

Main Author: Dr. Ameer Y. Taha

Institution: University of California - Davis, United States

Title: Lipidomic Characterization of Altered Pro-Repair Pathways in Alzheimer's Disease Post-Mortem Brains

Hall B (inside Maktoum Hall)

16:15 - 17:15

Submission ID : 258

Main Author: Dr. Lolwa Alabdelmuhsin

Institution: Pharmaceutical Care Services, Ministry of National Guard-Health Affairs, Riyadh, Saudi Arabia

Title: Evaluation of Antioxidant, antihyperlipidemic, and Anti-inflammatory Cardioprotective Effects of Ginger in Rats with Cardiac Hypertrophy

Submission ID : 334

Main Author: Dr. Makhlof Mahmoud Ibrahim Makhlof

Institution: Alazhar/Cairo, Egypt

Title: A Pharmacological Product for Increasing the Efficiency of Cell Functions and Treating Cancer (bicarboxy)

Submission ID : 298

Main Author: Dr. Mustafa M.A. Elsayed

Institution: University of Hail, Hail, Saudi Arabia and Alexandria University, Alexandria, Egypt, Saudi Arabia

Title: Rational Development of Advanced Dry Powder Inhalation Mixtures: Mathematical Modelling Guidance

DAY THREE

Thursday, 28 February 2019

Hall B (inside Maktoum Hall)

13:30 - 14:45

Submission ID : 331

Main Author: Dr. Abdulhakim A. Alzahrani

Institution: Riyadh Elm University, Saudi Arabia

Title: Pharmacists Related Interventions to Prevent Prescribing Errors among Hospitalized Patients in Acute Care Setting at a Tertiary Teaching Hospital in Saudi Arabia

Submission ID : 420

Main Author: Dr. A. Dandachi

Institution: Radboud University Medical Center, Nijmegen, The Netherlands

Title: The Practice of Continuous Palliative Sedation in the Netherlands, a descriptive study

Submission ID : 440

Main Author: Dr. Abdulrahman Alturaiki

Institution: Riyadh, Saudi Arabia

Title: Drug Resistant Tuberculosis in Saudi Arabia: National Observational Study

Submission ID : 86

Main Author: Dr. Mona Mataqi

Institution: University of Hertfordshire, Hatfield, Kuwait

Title: The Factors Influencing Provision of Palliative Care in Advanced Dementia: A Systematic Review of the Literature

Submission ID : 346

Main Author: Dr. Anas Alahmed

Institution: Al-Ahsa, Eastern Region of Saudi Arabia, Saudi Arabia

Title: Effect of Metformin on ECG, HR and BP of Rats Administered with Cardiotoxic Agent Doxorubicin
